

Dr Robert D F Keith MEng CEng PhD FIET

Publications, selected

- Keith R D F and Greene K R. (1994)** Development, evaluation and validation of an intelligent decision support tool for the management of labour. In 'Analysis of Complex Data and Artificial Intelligence in Obstetrics' Eds. Chang and Rogers. Bailliere's Clinical Obstetrics and Gynaecology (International Practice and Research), Bailliere Tindall, London. 8: No.3 583 - 605.
- Keith R D F, Beckley S, Garibaldi J M, Westgate J A, Ifeachor E C. & Greene K R. (1996)** Multicentre validation of an intelligent system for managing labour. Expert Systems with Applications. 11: 4, 537-542. Selected for publication as one of the top 20 papers at the 'World Congress on Expert Systems' Seoul, Korea, February 5th-9th 1996.
- Harris M, Garibaldi J M, Keith R D F, Greene K R. (1996)** Knowledge-Based Computer Systems in Maternity Care. In: Benefits Realisation Monograph on Maternity Information Systems. British Computer Society Nursing Specialist Group, Midwifery Focus Group & Information Management Group of the NHS Executive. 28 - 32.
- Keith R. D. F., Beckley S., Garibaldi J. M., Westgate J. A., Ifeachor E. C. & Greene K. R. (1995)** A multicentre comparative study of 17 experts and an intelligent computer system for managing labour using the cardiotocogram. Br J Obstet Gyneacol 102: 688 - 700
- Keith R D F, Westgate J, Ifeachor E C and Greene K R. (1994)** Suitability of artificial neural networks for feature extraction from the cardiotocogram during labour. Med Biol Eng & Comp- Electrocardiography, myocardial contraction and blood flow supplement. 32: S51-S57.
- Keith R D F, Westgate J, Hughes G W, Ifeachor E C and Greene K R. (1994)** Preliminary evaluation of an intelligent system for the management of labour. J Perinat Med. 22: 345-350.
- Ifeachor E C, Keith R D F, Westgate J and Greene K R. (1991)** An expert system to assist in the management of labour. Expert Systems World Congress Proceedings. Orlando Florida December 16th-19th Liebowitz J. (ed). Pergamon Press, Oxford UK 4: 2615-2622.
- Westgate J, Keith R D F, Curnow J S H, Ifeachor E C and Greene K R. (1990)** Suitability of fetal scalp electrodes for monitoring the fetal electrocardiogram during labour. Clin Phys & Physiol Meas 11: 4, 297-306.
