

Patricia Kennedy and Tracey Rawnsley Directors of T2 Experts Health Information Management LLC and Sole Exclusive Agents for K2MS UK for the UAE/MENA Region are delighted to announce the launch of the K2 Fetal Monitoring & Perinatal Training Program at Sheikh Khalifa General Hospital (SKGH) Umm Al Quwain.

Sheikh Khalifa General Hospital is under the patronage of UAE Ministry of Presidential Affairs. The hospital is managed by NMC Healthcare and started operations on 2nd December 2012, the 41st National Day of the UAE. Umm Al Quwain City is on the UAE coast, approximately 193 kilometers north-east of Abu Dhabi and approximately 44 kilometers north-east of Dubai.

The Ministry of Presidential Affairs was established by Federal Law No. (4) in November 2004 which, created, organised and combined both the Office of His Highness the President and the Presidential Court.

#### **MOPA Vision**

To assume a pioneering role in supporting the country's decision-maker.

#### **MOPA Mission**

To provide support and consultation to the decision-maker through the development of excellent, high-quality and credible capability to enhance the central role of the Ministry in developing national policies and community services.

Ms Shona Coleman, Clinical Services Senior Officer & K2 Project Lead at SKGH stated “We aim to ensure our professionals receive the best medical education and training, this is why we have chosen the K2 Fetal Monitoring & Perinatal Training System.

This CME accredited Training, we believe, is the best of its kind.

Trish and Tracey are delighted to be working with the team at SKGH towards raising standards and improving outcomes for Women, Babies and All Stakeholders.
